## Central Eurasia Legislation Directory

This directory is a comprehensive listing of the texts of laws, resolutions, and decrees--issued by the governments and leadership of the CIS and Baltic states and Georgia--which have been translated and published in FBIS reports dated 1 January through 30 June 1992. The directory is intended to aid the consumer in locating the texts of specific legislation appearing in these reports.

The computer-generated index in the back of this report has been compiled from key words in the headlines of the translations and will refer the reader to the specific entry in the body of the report. These entries are arranged chronologically by the date of the original source publication or broadcast. Line one of the entry contains the translation headline, line two contains the FBIS identifying number, the origin of the source, the name of the publication, language of the source or broadcast, and date and page of the source. Line three contains the abbreviation for the name and the number of the FBIS report, the date of the report (in Year-Month-Day format), and the page number on which the translation begins.

The following abbreviations are commonly used in line three to refer to specific FBIS publications:

SOV = Central Eurasia Daily Report  
USR = Central Eurasia Report (formerly identified as a JPRS report)  
UEA = JPRS Report Economic Affairs (no longer in publication)  
UMA = Central Eurasia Military Affairs

Note: The FBIS identifying number provides the quickest access to the required translation when using an electronic data base search. It is necessary to run a separate search for items with the same number but differing last letter to obtain full entry, e.g. search both 925D0382A and 925D0382B.
